ABOUT PARTYFIXX.CO

Founded in 2012 by Austin Smith, PartyFixx.co has grown into the ultimate event, travel, and party guide for major event weekends. Inspired by a Dallas nightlife website highlighting the best parties, Austin recognized the need for a centralized platform catering to event-goers and promoters.

Starting as a passion project for the 2012 NBA All-Star Weekend, the website quickly gained traction as promoters sought to list their events. Charging \$50 per event initially, Austin's platform evolved into a reliable marketing tool, eventually commanding \$300 per listing that very weekend.

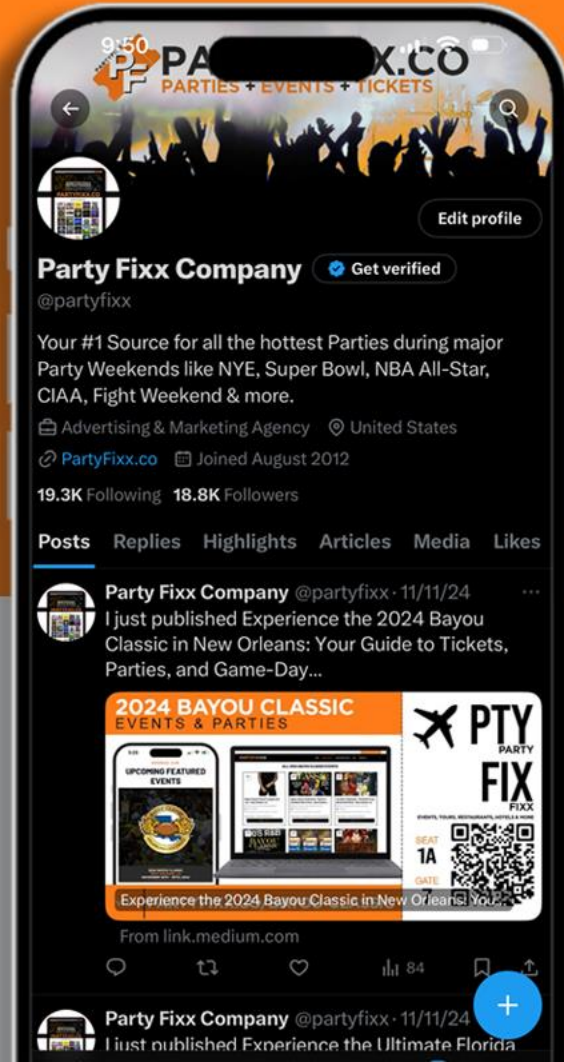

From 2012 to 2017, Austin created one-off websites for annual NBA All-Star Weekends, but he soon realized the potential for a unified brand. In 2017, PartyFixx.co was born, leveraging SEO to dominate search results for major event keywords. By attracting a highly targeted audience, it became an essential resource for event-goers and a cost-effective solution for promoters to reach attendees actively searching for events.

Today, PartyFixx.co is a one-stop hub for discovering events, concerts, and activities nationwide, combining Austin's innovative vision with a deep understanding of audience needs. It remains a trusted platform for anyone seeking the best parties and experiences during iconic weekends.
